MINUTES
CITY COUNCIL MEETING
FOLLOWED BY PRYOR PUBLIC WORKS AUTHORITY MEETING
CITY OF PRYOR CREEK, OKLAHOMA
TUESDAY, JULY 7, 2026 AT 6:00 PM

The City Council of the City of Pryor Creek, Oklahoma met in regular session on the above date and time in the Council Chamber upstairs at City Hall, 12 North Rowe Street in Pryor Creek, Oklahoma. This meeting was followed immediately by a meeting of the Pryor Public Works Authority. Notice of these meetings was posted on the East bulletin board located outside to the South of the entrance doors and the City website at www.pryorcreek.org. Notice was also emailed to the Council members.

CITY COUNCIL

1. CALL TO ORDER, PRAYER, PLEDGE OF ALLEGIANCE, ROLL.

Mayor Zac Doyle called the meeting to order at 6:00 p.m. The Prayer and Pledge of Allegiance were led by Steve Brown. Roll Call was conducted by City Clerk Hannah Morris. Council members present included Terry Lamar, Choya Shropshire, Lori Bradshaw, Kenneth Brashears, Autumn Graybill, Charles Tramel, Steve Brown and Bruce Smith. Members absent: none.

Department Heads and other City Officials present: Chase McBride, Jeremy Cantrell, Kevin Tramel, BK Young, Frank Powell, Buddy Glenn, Dennis Bowman, Johnny Janzen, Cari Rerat and Lori Ballew.

Others present: Tamara Bryan, Chris Curnutt, Adam Anderson, Joshua Lee, Bridgette Nichols, Drew Stott, Harper Meehan, Angela Smith, Susan Wilcox, Jessie Bell, Amanda Dodson, Gilbert Graybill, David Shaulis, Dee Ann Briggs, Jennifer Briggs-Beshear, LaDonna Anderson, Nena Roberts, Marshel Morrison, Dale Jones, Robert Philippi, Michael Philippi and Lisa Malone.

2. PETITIONS FROM THE AUDIENCE. (LIMITED TO 5 MINUTES, MUST REQUEST IN ADVANCE.)

Jessie Bell expressed concerns regarding excessively loud fireworks within city limits after 10:30 p.m., noting the disruptive impact on infants and animals. Additionally, an update was requested on the City Council's current plans for local youth activities and infrastructure, noting the closure of former recreational facilities like the bowling alley and pool.

Amanda Dodson and her neighbor, Jeannie, presented an ongoing drainage issue affecting properties past the apartments on Mable Clayton. They reported that rapid stormwater runoff between their homes sits an inch high against the brick foundation and floods the sidewalk, creating a slick moss hazard where two pedestrians have fallen. They requested city assistance with a drainage system or retaining wall to mitigate the long-standing issue.

Dale Jones voiced concerns regarding a large depression in the utility easement behind his property on Locke Street (just south of 9th Street) that pools rainwater and creates a severe mosquito infestation. Mayor responded indicating that the engineering/remediation project for this area has already been put out to bid and awarded to a contractor, with work expected to begin soon.

3. DEPARTMENT HEAD REPORTS IF NEEDED:

3a. BUILDING INSPECTOR

Young provided a written report.

3b. EMERGENCY MANAGEMENT

Janzen reported that high-resolution countywide aerial flyover data via the Pictometry mapping application will successfully satisfy FEMA's updated pre-disaster documentation requirements for city infrastructure. He stated that this application tracks addresses, flood plains, and school zones, which eliminates the need to contract external photography services. He also reported that access to the platform will cost the city $5,000.00 annually through an upcoming agreement with Mayes County, with MUB managing its respective portion.

3c. FIRE

Young reported a quiet and successful Fourth of July holiday weekend despite the weather. He stated that the department navigated the weekend with no major incidents and responded to routine call volumes.

3d. GOLF

Bowman announced his retirement effective at the conclusion of the day after a total of 34 years of service to the Pryor Creek Golf Course. He stated that the course is currently in excellent structural and financial condition. He also reported that the facility has approximately $700,000.00 currently in cash reserves.

3e. LIBRARY

Rerat provided the final Fiscal Year 2025–2026 statistics graphic, noting a 5% increase in physical material checkouts and a 25% increase in door count. She stated that the Summer Reading Program achieved its highest registration in history with 624 participants. She also reported that the library currently runs six children's programs weekly and continues to distribute 360 food bank boxes per week, requiring only adult and child names with no income restrictions.

3f. PARKS / CEMETERY

Powell reported ongoing storm cleanup, brush removal, and trail repairs alongside routine seasonal mowing. He stated that there was minimal tree damage at Fairview and Graham Cemeteries. He also reported that electrical panels for the tennis and pickleball court project will be installed once the interior walls of the concession building are framed. He stated that the lights will operate on a sun-adjusted timer, turning off automatically at 10:00 p.m. He also noted that two dead willow trees near the new playground equipment at Whitaker Park are slated for removal.

3g. POLICE / ANIMAL SHELTER

Cantrell reported that fireworks are illegal per city ordinance outside of the July 1 through July 4 window. He stated that the department logged 461 traffic stops, 25 accidents and 35 arrests for the month, alongside increased code enforcement activity due to rapid grass growth. He also reported an ongoing investigation into a multi-vehicle hit-and-run incident at Pryor Creek Apartments. He stated that firearms qualifications were successfully held at the new outdoor training range, and he reported that the 3rd Annual Junior Police Academy kicks off next week with approximately 20 children enrolled.

3h. RECREATION CENTER

Moore reported stable operations with membership holding steady at 2,021 members. He stated that the facility is currently tracking 12% under budget and maintaining a 71–72% retention rate. He also reported high summer facility usage, including 13 pool parties and an all-time high of 120 children enrolled in swim lessons. He stated that the center participated in the Mayes County Family Fun Day and will host a free life jacket fitting and giveaway event next Wednesday funded by a $1,000.00 GRDA grant.

3i. STREET

Glenn proposed a special one-week citywide storm brush pickup schedule beginning the week after next, allowing residents one week to place storm-damaged limbs on the curb. He stated that limbs must be cut to a maximum of 10-foot lengths, placed on the curb without blocking utility meters, and must not cross onto private property. He also reported the successful replacement of a rusted drainage structure at Highway 69 and Park Street. He stated that crews completed alley grading between Elliott and Locke Supply, initiated specialized concrete drainage improvements at Southeast 15th Street, and scheduled a sidewalk section replacement at 99 Irving Street. He also reported that the street sweeper is throwing active error codes and will likely need to be transported to Oklahoma City for diagnostic scanning under warranty guidelines.

3j. CITY CLERK

Morris distributed the May financial reports and noted active preparations for the upcoming fiscal year budget. She stated that payroll staff is working with Time & Labor software implementations and successfully completed the employee open enrollment period. She also reported high administrative volume regarding new business occupancy inspections, seasonal contractor licensing renewals, and ongoing grass and trash abatements. She stated that staff processed five seasonal firework stand licensing applications, initialized steps for the upcoming implementation of JustFOIA public records management software to be managed by Jae, and updated department inventory records. She also reported that procedural updates were implemented to streamline "no insurance" citations in municipal court, and she confirmed there are currently zero active tort claims against the city.

3k. PRYOR MAIN STREET

Director Bridgette Nichols presented her inaugural official progress report to the council per the provisions of the recently executed Memorandum of Understanding. She stated that ODOT is currently conducting a 60-to-90-day assessment for a potential downtown "road diet" to convert the existing traffic pattern down to three lanes with a 14-foot center turning lane to slow traffic velocities and increase pedestrian safety. She also reported that new storefront awnings are actively being installed downtown for heat mitigation and beautification through EDTA funding partnerships. She stated that bids have been received for a new walkable alleyway mural on South Adair, and she reported that facade contractor estimates are expected next week for properties on West Graham. She also reported that 120 community volunteers gathered for the downtown cleanup day, collecting over 500 bags of refuse. She stated that a new mural installation on Graham Street will be unveiled during the "Weekend of Local" Shop Local event on the 17th, 18th, and 19th of the month. She also reported that bidding processes for the Graham Community Building interior renovations are complete, and she stated that Main Street is partnering with Northeast Tech to establish a specialized business academy for local entrepreneurs.
